About NewGen Surgical

NewGen Surgical, Inc. develops and manufactures sustainably designed, single-use medical devices and surgical products. NewGen Surgical's mission is to minimize plastic waste in the O.R. by redesigning disposable products. NewGen Surgical offers hospitals and surgery centers a solution to their sustainability programs and meet Environmentally Preferable Purchasing (EPP) objectives. Founded in 2012 in the San Francisco Bay Area, NewGen Surgical is a member of Practice Greenhealth's Greening the OR® Initiative and was commended in the 2015 Circular Economy Awards.

NewGen Surgical is a proud supporter of Practice Greenhealth's Greening the OR® Initiative. Practice Greenhealth is the nation's leading healthcare community dedicated to empowering its members to increase their efficiencies in environmental stewardship.

Think Beyond Plastic™ is a social-impact venture addressing plastic pollution by harnessing the forces of entrepreneurship, innovation, and the power of global markets. In 2012, NewGen Surgical became one of their first members of the Think Beyond Plastic™ Accelerator; the first Accelerator in the world to focus on plastic pollution as an innovation opportunity.

NewGen Surgical was commended in the 2015 Circular Economy Awards by the judges of The Young Global Leaders Award, an initiative of the World Economic Forum, in the Circular Economy Entrepreneurs category for early stage organizations at the vanguard of the circular economy demonstrating innovation and market disruption.
