

INSTRUCTIONS FOR USE

NewGen Surgical Sponge Bowl 32oz

Please read all information carefully.

Intended Use

The NewGen Surgical Sponge Bowl is a bio-based, single-use O.R. accessory designed to hold fluids and instruments during a surgical procedure.

Warnings and Precautions

The NewGen Surgical O.R. Basins are manufactured with bio-based materials. With these materials, some discoloration, texture variation, or fiber inclusions may be present. Cosmetic appearance does not affect the performance nor sterility of the product.

To ensure performance, do not submerge in water or other liquids. Do not use excessive force.

This bowl is manufactured for single-use only.

Do not reuse, reprocess, or resterilize. Reuse, reprocessing, or resterilization may compromise the structural integrity of the medical bowl and/or lead to medical bowl failure.

Do not put alcohol-based solutions into the basin.

Store in a cool, dry place.

Do not use if product is damaged.

Any serious incident that has occurred in relation to the product should be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.
